Sorry know cute anime pictures on this recruitment page this time we will show you the three things you need to help our group.
First a Computer hope i don't need to explain that one.
Second you need photoshop .
You don't need to be a pro at it we will teach you the basic things that you will need to learn in order to edit manga.
Finally you need time, it takes around two hours to either typeset or clean something so you must be willing to give up some free time in order to give back to the community.
That's it thats all you need to join the group so please apply cause we really do need help~!
